

NOTE FROM NICOLE

Whatever you do, work heartily, as for the Lord and not for men. Colossians 3:23

Curriculum Videos

This is our 5th year making classroom curriculum videos with our puppets, Stephen and Lydia. Every year we seem to get a little more involved with our videos. We have a running joke around the office that sometimes we are "just too creative." Basically its just a phrase we throw out there when a project seems a bit challenging and we've not quite worked out all the bugs yet. But, actually we all, as a team, thrive when a challenge is placed before us! We enjoy being creative; it's the way God made us. He, Himself is the great Creator and we want to present our very best for Him and for the children and families to whom we minister.

Ministry Support

Praise the Lord my financial giving has increased! I have a few new supporters and others who have committed to sacrificially give more each month! The Lord is good and provides for me in more ways than *just* money. I know that He will work out other needs, like a newer car, in His timing as well. Thanks for praying!

2018 monthly shortfall \$1,600

Current monthly shortfall \$1,084

Summer 2019 is fast approaching. I've been busy painting the new stage...and the five changing

backgrounds for each day! Phew, it's been a lot of painting! This one, pictured above, is for when the characters travel to Rome. The series will be *Truth Travelers*. I'm excited that this one is coming around again. The message of God's absolute Truth is so appropriate to an ever-growing worldview of "do whatever is right in your own eyes."

We have a few upcoming spring programs, a full summer, an increasingly growing fall schedule AND our summer for 2020 is basically already filled. We even have started getting requests for 2021! Please pray for our team with this increasingly busy program schedule while still maintaining all that is involved at the home office.

Thank you for your prayers and financial gifts! Your kindness and generosity allows me to be able to serve in this ministry.

Joyfully Serving,

Nicole Bielawski

One of the huge ways God provides for me is giving me a place to live through a very generous family! They have given Juli and I permission to make the place our own over the years, and as a thank you to them, we enjoy updating things when we can. The past few months I was able to re-stain all the cabinets, trim and doors in the house. We really love the results!

Before & After
