

Note from Nicole

During the "off season", our team has had about 20 programs ranging from Sunday morning services, Awana Clubs, to special holiday programs. All while preparing for an all-new summer series.

I've remade 2 puppets and spent about 8 weeks painting two puppet stages.

There have been some fun new puppet projects.

We recorded a summer series promo video for the first time and are having fun launching a puppet-based podcast! Check it out on the GHH website mid-June.

Praise the Lord,

my support has increased over the past year to 40%! Unfortunately, that is still not enough to support my full time needs. The house I lived in since Sept. worked well because I only paid utilities, but I was informed a month ago that it will no longer work out and I have to move again. So I find myself needing a place to live this fall for little to no cost. If you do not currently support me financially, I ask that you prayerfully consider pledging \$5 a month. You may think that \$5 is too small, but every dollar adds up and it wouldn't take long to bring my support to 100%. Please pray that the Lord would provide exactly what I need this fall, whether it be low-rent housing or the money to afford an apartment.

Visit our website at, ghhinc.org for a listing of our team's summer schedule.

Joyfully Serving,
Nicole Bielawski
